

Florence & Mary Scavenger Hunt!

Join Florence Nightingale and Mary Seacole in the Crimea as they try to help sick and injured soldiers. Tick the boxes as you go.

NATIONAL
ARMY
MUSEUM

1. Keeping Warm

The Crimea can get very cold. Can you find something in our galleries that would keep you warm. Draw it in the space below.

Are you ready?
LET'S GO!

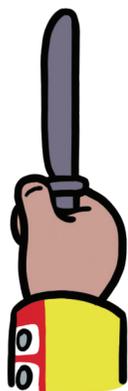

We've arrived
at last!

2. Food

It was difficult to get supplies to the Crimea. This meant soldiers did not always have enough to eat. Look in Solider Gallery for something to eat. Draw it in the space below.

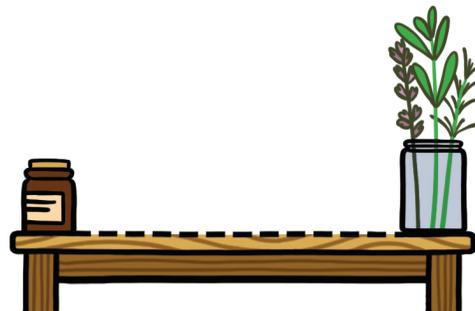

3. Entertainment

Mary opened The British Hotel, a place where soldiers could relax and buy food, drink and magazines. What would keep you entertained if you were far away from home?

4. Medicine

Mary Seacole's mum taught her how to make medicines from herbs and spices. Write or Draw something that makes you feel better on Mary's table.

5. Doctors and Nurses

The red cross symbol is worn by army doctors and nurses. When soldiers see this, they know that the person can help them if they are sick or injured. What symbol would you choose to show that someone is a doctor or a nurse? Draw it on the uniform below.
